The College

Early Quaker settlers in the Willamette Valley of western Oregon founded Pacific Academy at Newberg in 1885. Six years later, more advanced education was also provided by the establishment of Pacific College. Pacific Academy was discontinued in 1930, and Pacific College was renamed George Fox College in 1949, honoring the founder of Quakerism.

The college is governed by a Board of Trustees elected by Oregon Yearly Meeting of Friends Church, which has historically emphasized: the necessity of a genuinely experiential religious faith; the spiritual nature of the ordinances; the importance of peacemaking and responsible social action; and the freedom for individuals to exercise liberty of conscience. With many other Christians, the college holds the great, historic truths of Christianity including: the deity of Jesus Christ; the authority and inspiration of the Holy Scriptures; the necessity of salvation for man; and the present ministry of the Holy Spirit.

George Fox College invites students of all races and creeds to participate in its educational programs.

OBJECTIVES

The objectives of the college are to:

1. Provide academic programs that are in keeping with a liberal arts tradition.
2. Offer liberal arts programs that prepare students: to do graduate work; to assume the responsibilities and duties related to their chosen profession, including public school teaching; and to enter professional schools such as engineering, law, medical technology, medicine, ministry, and nursing.
3. Maintain a program of varied activities designed to develop a greater capacity for moral and ethical judgments in relationships with other

persons and to develop a greater desire to serve mankind in a spirit of Christian love.

4. Provide a center for the evangelical movement among Friends, consistent with the message of their founder, and for the education of Quaker students concerning the history and Christian doctrines of their denomination.

5. Promote cocurricular activities that will emphasize the development of leadership, initiative, and teamwork, by giving opportunity to make practical use of the skills and ideas acquired in academic courses.

6. Produce a community in which studies and activities are made relevant to life, insight into social and political issues confronting mankind is developed, and participation in decision-making and policy-implementing as responsible citizens is learned.

7. Serve as a cultural center for all publics of the college and to sponsor programs which are informative and culturally stimulating to the larger college community.

FACILITIES

George Fox College is located on a lovely rural campus covering forty-four acres in a friendly town of 5,000 only a half-hour's freeway drive from Portland, Oregon. Fifteen buildings have been constructed or remodeled in the last ten years; plans for others are underway, including a chapel-fine arts complex.

WOOD-MAR HALL contains the administrative offices, three classrooms, the chapel, and the printing offices.

MINTHORN HALL is the only first-generation building yet in use. Completely remodeled and refurbished in 1962, it houses classrooms and offices for education and psychology, a curriculum library for teacher training, an audiovisual center, and the faculty lounge.

BROUGHER HALL, erected in 1947 and remodeled and enlarged in 1959 and 1961, contains physics laboratories, mathematics and art classrooms, the computer center, and a shortwave radio station.

HESTER MEMORIAL GYMNASIUM has a collegiate-size floor, game room, body-building room, dressing rooms, and offices for both men's and women's physical education.

SHAMBAUGH LIBRARY, dedicated in 1962, is built to house 50,000 volumes on three floors. Its features include study carrels, rare book collections, microfilm room, music listening room, soundproof typing room, museum, audiovisual auditorium, seminar room, and art and record collections.

SMITH APARTMENTS has five units for married students.

WEESNER VILLAGE consists of twelve apartments designed for use by faculty or married students.

PENNINGTON HALL, built in 1962, is a coeducational dormitory for 100 students. It provides an infirmary, a guest room, a soundproof study room, a central lounge, game rooms, and a deans' apartment.

EDWARDS HALL is a residence hall for women constructed in 1964, overlooking Hess Canyon. It houses 106 students.

HOBSON HALL, dedicated in 1968, is a residence hall for seventy-five men.

STUDENT UNION, built in 1958 and enlarged in 1968, includes a lounge, prayer room, snack area, book store, post office, TV room, game room, and offices for the student organizations.

HEACOCK COMMONS, built in 1964-65, adjoins the Student Union Building and provides a modern dining hall and kitchen.

CALDER CENTER, built in the summer of 1964, is the combination of three hexagon modules providing eighteen classrooms for science, home economics, and foreign languages; nine offices for faculty members; and a lecture hall that seats 165 persons.

FINE ARTS BUILDINGS I and II, constructed in 1947, house classrooms, studios, practice rooms, the music library, and faculty offices for the music department.

COLCORD MEMORIAL FIELD contains a new track, football field, baseball diamond, and hockey field.

TENNIS COURTS, tournament type, were built in 1961.

Campus Life

The primary concern at George Fox is that each student realize his fullest potential in Christ. Programs of residence life, health services, athletics, student government, and counseling are designed to help achieve this objective.

RESIDENCE LIFE

Three modern dormitories, all built within the past seven years, are designed to house 300 students. Pennington Hall, with a capacity of one hundred, is a coeducational residence with separate wings for men and women students. Edwards Hall is a residence for 104 women designed with two separate wings of three floors each. Hobson Hall is a men's residence with a capacity of seventy-four students in the canyon setting on the eastern edge of the campus. In addition, there are twelve apartments located in Weesner Village available to married students. Student rooms are furnished with beds, mattresses, study areas, and wardrobes. Students are expected to provide their own bedding (except linens), towels, and other furnishings. Bed linens are furnished by the college. All belongings should be marked clearly for identification. Laundry facilities are provided in each residence. If a student has a preference regarding residence hall placement, he should notify the admissions office in writing.

HEALTH SERVICES

The college nurse works in close cooperation with local physicians to provide student health services. She maintains regular hours for appointments. Students in need of medical care at other times may contact her at home.

An accident insurance policy is in force for all students. Insurance forms must be secured from the college nurse prior to treatment. In case

of emergency illness or accident, the college assists in sending a student to the local hospital and in procuring the services of a physician as required.

ATHLETICS

George Fox College offers a broad athletic program. The college is a member of the Oregon Collegiate Conference and competes in football, basketball, baseball, track, cross country, wrestling, and tennis. The other members of the conference are Southern Oregon College, Oregon Technical Institute, Eastern Oregon College, and Oregon College of Education. George Fox is also a member of the National Association of Intercollegiate Athletics. Women students compete in field hockey, volleyball, badminton, basketball, tennis, and softball. For those not participating in varsity athletics, GFC has a complete intramural program including flag football, basketball, volleyball, and softball.

STUDENT ORGANIZATIONS

THE ASSOCIATED STUDENTS OF GEORGE FOX COLLEGE is an organization of all students in the college who carry at least twelve term hours. It is the governing assembly of the student body. The Student Council, consisting of the association officers and class representatives, heads the organization. The ASGFC sponsors the publication of the campus newspaper, *The Crescent*, and the student yearbook, *L'Ami*. It also sponsors such activities as the annual May Day celebration and student social events.

THE STUDENT CHRISTIAN UNION coordinates Christian activities on the campus and provides varied opportunities for every student who desires to participate in some phase of Christian work.

THE INTERNATIONAL CLUB confronts club members and the entire student body with the possibilities of missionary service at home and abroad. Because of the changing nature of the role of missions in the world, the club seeks to promote a person-to-person program of Christian service. Students from abroad are invited to participate in the International Club, thereby providing a valuable intercultural aspect to the club's programs.

THE STUDENT MINISTERIAL ASSOCIATION is composed of students who have an interest in full-time service as pastors, evangelists, or missionaries.

THE FOXMEN is for all men who have won a varsity letter in any major sport and who have been duly elected.

GOLD "Q" CLUB consists of girls who have won one or more letters in college sports. The club endeavors to further all athletic activities and foster student enthusiasm.

DELTA PSI OMEGA is a national honorary club which promotes student participation in dramatic presentations.

THE A CAPPELLA CHOIR is composed of selected singers who represent the college in concert tours and campus appearances. Any student may audition. Emphasis is placed upon spiritual, meaningful interpretation of sacred and choral literature.

STUDENT OREGON EDUCATION ASSOCIATION seeks to prepare prospective teachers for educational leadership. The club sponsors various projects and meetings with special educational emphases.

SCRIBBLERS CLUB is composed of persons interested in literature. The club promotes the appreciation of literature, creative writing, and discussion of the various authors and their works. Periodically the club sponsors the publication of an anthology of students' writings.

PI GAMMA SIGMA HONOR SOCIETY is composed of students who maintain high scholastic standing. The purpose of the organization is to promote interest in and sponsor intellectually challenging activities on the campus.

CIRCLE K INTERNATIONAL is a campus service club sponsored by Kiwanis International. The purpose of this club is to promote citizenship and service in college life.

KAPPA TAU EPSILON is an association of women students of George Fox College. Organized in 1964, it governs the women students of George Fox College. Every woman enrolling in George Fox College automatically becomes a member of Kappa Tau Epsilon. The annual dues are \$1.50; 50¢ is collected by the bursar of the college each term.

ACTIVITIES

HOMEcoming is one of the major campus events of the year when the entire college community hosts returning alumni.

FUTURE FRESHMEN DAY is held on a Saturday during winter term when the faculty describes to interested high school seniors the academic course offerings, social, cultural, and spiritual advantages that the college provides for its students.

MAY DAY celebration is directed by the Associated Students and is held annually on the first Saturday of May.

FORENSICS is emphasized through the speech contests of the Inter-collegiate Forensics Association of Oregon in oratory, extemporaneous speaking, after-dinner speaking, and debating.

DRAMA presents one major dramatic production each term. In addition, minor presentations are given, often under the sponsorship of Delta Psi Omega.

PUBLICATIONS include a newspaper, *The Crescent*, and an annual, *L'Ami*. Elected editors direct their staffs in the selection and preparation of materials for these publications. *The Crescent* is a member of the Associated Collegiate Press.

CHRISTIAN EMPHASIS WEEKS are sponsored each year by the Student Christian Union. Outstanding Christian leaders are brought to campus for chapel presentations, smaller group meetings, and personal counseling sessions.

MISSIONS CONFERENCE is sponsored annually by the Student Christian Union. Executives and missionaries from numerous organizations participate through chapel messages, classroom presentations, and exhibits.

COCURRICULUM AND ELIGIBILITY

Cocurricular activities are considered a vital part of the George Fox College experience. These activities are defined as all organized activities not directly connected with the requirements of a specific course of study: intercollegiate athletics, positions in student government, club offices, drama, and intercollegiate debate. To prevent jeopardizing academic achievement through excessive involvement in cocurricular activities, an eligibility standard is adhered to as follows:

1. A student must be enrolled in a minimum of twelve hours to be eligible for participation in cocurricular activities.
2. Students who enter college provisionally may participate in cocurricular activities during their first term. Thereafter, they come under the eligibility standards for regular students.
3. Regular students who drop below the performance level in any particular term (see page 21 for a complete explanation of what constitutes poor performance) will have their programs reviewed by the Academic Committee. This committee is empowered to require curtailment of curricular, cocurricular, or work activities.

STUDENT RELIGIOUS LIFE

The college believes an important phase of student life is the maintenance of the highest standards of Christian conduct. The churches of the community maintain varied programs of activity for college youth. Regular church attendance is desired of all students.

Chapel services provide a source of Christian inspiration and instruction. Chapel attendance is required of all students enrolled for twelve or more credit hours. Chapels are held three days each week and one day of each week is used for class meetings. A variety of programs is presented in chapel. The Associated Students of George Fox College usually hold their business meeting on Friday. Musical programs, outstanding speakers, faculty, and student participation seek to produce interesting, informative, inspirational chapel services and convocations. Chapel seating is assigned and an attendance roll is maintained. The dean of students may grant excuses for necessary chapel absences.

The inclusion in the curriculum of required courses in religion is designed to ensure a knowledge of the Bible and Christian philosophy.

Deputation work is encouraged as a means of developing abilities of students in the work of the church. Anyone representing the college in deputation work must be authorized to do so by the college administration.

The Student Christian Union sponsors a weekly prayer meeting, two weeks of Christian Emphasis each year, and an annual missions conference.

STUDENT CONDUCT

When a student enters the college, he agrees in writing to have due regard for the regulations of the institution. All regulations are designed to allow the fullest liberty consistent with efficient work while at the same time promoting the welfare of the college community.

Since its beginning, those who have carried the responsibility for the management of George Fox College have agreed that its purpose could not be fulfilled nor the best interests of its students served without placing a ban upon the use or possession of alcoholic beverages, hallucinatory drugs, tobacco, and participation in gambling and dancing. When the Administrative Council considers it advisable, any student whose actions are antagonistic to the ideals of George Fox College may be dismissed.

The administration believes that marriage within a unit of study is a hindrance to the best work of students and strongly advises that such plans be postponed until the unit of study is completed. It is requested that students not marry during a term without permission of the administration.

A full presentation of regulations governing student conduct and discipline is available in the student handbook.

Admissions, Expenses, and Financial Aid

George Fox College maintains high standards for admission and examines each student on his own merits. The college admits those students believed most likely to profit from its curriculum and its Christian educational philosophy. Students are evaluated on the basis of scholastic achievement, indication of mental competence, personal maturity, social responsibility, and willingness to profit from the Christian environment.

Graduates from accredited high schools or other secondary schools of equal standing with an official transcript showing satisfactory completion of sixteen properly distributed units of work are eligible for admission. The following high school units are recommended: English, 4; social studies, 2; science, 2; mathematics, 2; language, 2; health and physical education, 1. It is required that high school students planning to apply for admission take the College Board test. Students should send their test scores to the Office of Admissions, George Fox College, Newberg, Oregon 97132. A limited number of applicants for admission to the freshman class whose grade-point average for their high school work is less than a "C" or its equivalent will be admitted on provision for one term.

Admissions Procedure

1. Write to the Director of Admissions, George Fox College, Newberg, Oregon 97132, for information and admission forms.
2. Request a transcript of academic credit from the secondary school last attended. Transfer students from other colleges must request both the high school transcript and a transcript from each college in which they have been registered.
3. Complete the admission form and return it to the Director of Admissions. A nonrefundable application fee of \$10 shall accompany the admission form.

4. Submit reference sheets to designated persons who will return the completed reference to the Admissions Office.

5. When all forms have been received, and the admission fee paid, the student's file is complete. He will then be presented to the Admissions Committee for action. Notification is given the applicant promptly following the committee's decision.

6. Upon acceptance, a tuition deposit of \$30 must be submitted. This must be received by May 1 for fall term applicants, or three weeks after acceptance if this occurs after May 1, or if the application is for a term other than the fall.

7. Before the accepted student may enroll for any course, he must submit to a physical examination.

8. It is recommended that all applicants for financial aid complete application for admission by April 1. All applications for admission should be in process by June 1.

EXPENSES

All tuition, fees, and residence costs are due and payable *on or before registration each term*. A student is not registered and cannot attend classes until he has:

1. Paid his account in full, or

2. Had his parents sign a contract for a monthly payment plan with Education Funds Inc. Information may be obtained from the Student Financial Aid Officer.

Term Charges

Edwards Hall 280.00

Hobson Hall 280.00

Weesner Village (honor dorm-apartments) 290.00

Room damage deposit**** 20.00

* The general fee is paid by all students enrolled for ten or more hours. It is applied to the cost of student hospital-medical-surgical insurance. This coverage is for twenty-four hours a day during each term. It provides coverage while traveling to and from school during vacation periods, other than summer vacation.

** Student affairs fee is assessed to each student enrolling for ten or more hours. It is collected by the business office acting as agent for the As-

sociated Students at the time of registration. The fees underwrite student publications, the Student Union Building, and admission to athletic events.

*** All students living in college housing are expected to board in Heacock Commons. Meal tickets may also be purchased by commuting students.

**** A \$20 room damage deposit is required of all residence hall students. Each student is responsible for the proper care of his room. An opportunity is given at the time of occupancy for a student to certify the condition of his room. Any damage other than that existing at occupancy is the responsibility of the student occupying the room. This does not apply, of course, to normal "wear and tear." The \$20 deposit will be assessed for damages charged to the student. Any balance remaining is refundable at the close of the term.

Provisional students will be charged an additional fee each term to cover the cost of remedial services.

* Ten dollars of the deposit is nonrefundable. Twenty dollars is refundable if requested before August 1.

General Information

1. No student dismissed by the college will receive any refund for tuition, fees, or room. A refund of ninety percent of the board will be prorated as of the last day on campus. Any unpaid balance allowed for work credit becomes immediately due and payable.

2. George Fox College reserves the right to change its charges at any time without previous notice.

3. The Board of Trustees of George Fox College is concerned with the entire twenty-four-hour day of its students. College officials have been requested to have as many students as possible live on campus: Edwards Hall, Hobson Hall, Pennington Hall, or Weesner Village. All unmarried women and men students under the age of twenty-one whose homes are not in Newberg are expected to live in supervised on-campus dwellings unless excused for valid reasons. Comfortable apartments for married students are available.

4. The college is not responsible for loss or damage to a student's personal property. Any damage to college property caused by a student must be compensated for by the student. Students who fail to comply with dormitory and college regulations are subject to disciplinary action.

5. Transcripts or diplomas will not be granted to students whose accounts have any balance due.

6. Students who withdraw from college and who have complied with the regulations governing withdrawals are entitled to refunds as follows:

TUITION, GENERAL FEE, AND LIBRARY FEE REFUND

During first week of class—90%

During second week of class—80%

During third week of class—60%

During fourth week of class—40%

During fifth week of class—20%

After fifth week of class—0%

Refunds are effective from the date the application for refund is received in writing and not from the date attendance is discontinued.

ROOM REFUND

Room refund for any student withdrawing from school or moving off campus will not be made unless the room is reoccupied by an off-campus student at that time. The refund will be computed for the part of the term remaining for the new occupant.

BOARD REFUND

Ninety percent of the board will be refunded on a prorated basis as of the last day on campus for any student withdrawing or moving off campus.

FINANCIAL AID

Honors

A limited number of Honors Scholarships are awarded each year. Each student graduating in the upper ten percent of his high school class and scoring at the eightieth percentile or above on the SAT section of the College Board Examination is eligible. An honors award may be granted and the award may be continued for a term at a time if the recipient achieves a cumulative grade-point average of 3.50. (A student must pass a minimum of twelve term hours in order to be eligible for honors the next term.) Thus, high ranking students may receive scholarships totaling \$2,100 in the four years.

George Fox College is a member of the program of the California Scholarship Federation. The CSF honors high school seniors who are in the upper ten percent of their class.

Graduation Honors

Graduation Honors are conferred upon a student whose cumulative GPA is maintained at a high level during his entire college course. Students with a cumulative 3.50 at graduation are awarded their degrees *cum laude*; those with a cumulative 3.70 receive their degrees *magna cum laude*; those with a cumulative 3.90 receive their degrees *summa cum laude*.

Scholarships and Grants-in-aid Available to Freshmen Students

Scholarships other than those listed on these pages are available to students planning to attend George Fox College. Students should investigate local scholarships and grants offered through their high school or community organizations.

ACTIVITY GRANTS-IN-AID

Available to students proficient in athletics, drama, music, and speech. A 2.00 cumulative GPA is required.

Additional Financial Aid Information

1. National Defense loans are available for students.
2. United Student Aid Funds loans are available to sophomores, juniors, and seniors.
3. Education Funds Incorporated offers loans to parents of students on a monthly repayment basis. All EFI plans include insurance on the life of the parent, total and permanent disability insurance on the parent, plus trust administration in event of the parent's death or disability. Agreements may be written to cover all costs payable to the college over a four-year period in amounts up to \$14,000.
4. Student employment on campus is available to worthy applicants within a limited budget. The college also assists in securing off-campus employment.
5. Requests for financial information should be directed to the Student Financial Aid Officer.
6. Foreign students accepting scholarships are expected to continue at George Fox College until graduation. If they transfer to another college before graduation, except for reasons beyond their control, they will be required to refund all scholarship aid.

Discounts

1. The college grants full tuition to unmarried sons or daughters of full-time faculty or staff.
2. The college grants one-half tuition discount to a faculty or staff member and/or spouse enrolled for a college course.
3. Students receiving discounts must attain a cumulative GPA of at least 2.00 by the time they begin their third year of college in order to continue to receive the discount.
4. Any parent with two or more unmarried sons or daughters at George Fox College under twenty-one shall be eligible for a ten percent discount from tuition charges for each son or daughter in addition to the

first in attendance, provided the total term charges are paid at the time of registration.

Application Process for Financial Aid

Application for financial aid for a student first entering George Fox College is made at the time he applies for admission. The application must indicate in the space provided his desire for aid. He must also list explicitly his first choice of the scholarships or grants offered. A second choice may be listed if the applicant so desires.

George Fox College participates in the College Scholarship Service (CSS) of the College Entrance Examination Board. Participants in CSS subscribe to the principle that the amount of financial aid granted a student should be based upon financial need. The CSS assists colleges and universities and other agencies in determining the student's need for financial assistance. Entering students seeking financial assistance are required to submit by June 1 a copy of the Parent's Confidential Statement (PCS) form to the College Scholarship Service designating George Fox College as one of the recipients. The PCS form may be obtained from a secondary school or the College Scholarship Service, P.O. Box 176, Princeton, New Jersey 08540, or P.O. Box 1025, Berkeley, California 94704.

Academic Regulations

The college year at George Fox College is divided into three terms of approximately eleven weeks each. The unit of credit is the term hour that is normally granted for the satisfactory completion of a course meeting one period (fifty minutes) per week for one term. Credit for all courses is indicated in term hours; all student requirements, advancements, and classifications are based on these units.

THE GRADING SYSTEM

Term grades are determined by the instructor's evaluation of the student's daily participation in class, his performance on periodic tests, his work on term papers and class projects, and his achievement on final examinations. The grades used and their significance are as follows:

A—exceptional work; B—superior work; C—average work; D—inferior work, but still passing; F—failure to complete work sufficient in quantity and quality to receive credit (credit may be earned only by repeating the course); I—this mark, signifying incomplete, is given only to a student whose work has not been completed by the end of the term because of circumstances beyond his control. Removal of an incomplete must be accomplished during the first term following the one in which it is given. A further extension of time may be granted for sufficient reason on petition to the Academic Committee. After the expiration of the allotted time, if the work has not been completed, the mark "I" will be changed to "I-F" signifying an incomplete changed to failure. The grade "F" is also given for unofficial withdrawal from a course.

GRADE-POINT AVERAGES

Grade points are given for each term hour according to the following schedule: A, 4 points; B, 3 points; C, 2 points; D, 1 point. Grade points are assigned for the purpose of determining scholastic averages. A stu-

dent's grade-point average (GPA) is computed by dividing the total number of grade points earned by the sum of the graded hours attempted, including failures, but excluding incompletes and noncredit courses. The GPA on the most recent term of attendance is the current GPA; that computed on the student's entire period of enrollment in George Fox College and other colleges attended is his cumulative GPA.

A student may repeat a course in which he received a "D" or "F." The first grade will remain on the permanent record, but only the higher grade will be computed in the GPA. The "D" or "F" received the first time will be starred (*) on the permanent record to indicate that the course has been repeated. A student may repeat a course from another accredited college in which he has received a "D" or "F" grade, or George Fox College will accept a course taken at another accredited college with a higher grade to replace a "D" or "F" course taken at George Fox College.

CLASSIFICATION

Classification is based upon the student's academic standing in terms of hours and grade points at the beginning of the term. Students may be classified as regular students only when entrance requirements have been met and official transcripts have been received and evaluated. To enter as a freshman, the high school transcript must show a cumulative GPA of 2.00 or higher if one is to be classified as a *regular* student. A student who is accepted for admission into George Fox College with a cumulative GPA below 2.00 from high school will be classified as a *provisional* student.

Regular Students

Students who have satisfied entrance requirements and are following a program leading to a degree are called regular students. They are classified as follows:

FRESHMEN—Students who have completed fewer than 45 term hours

SOPHOMORES—Students who have completed 45 term hours

JUNIORS—Students who have completed 93 term hours

SENIORS—Students who have completed 141 term hours.

Special Students

Students who are not working toward a degree but who wish to follow a definite program of studies may be enrolled as special students under the guidance of a counselor and the Academic Committee. Entrance into or change from special-student status must be at the recommendation of the Academic Committee. Credits earned by a special student will be applicable toward a degree upon approval of the Academic Committee. A special student may take an upper division course without having upper division classification provided that he has completed the specific prerequisites for the course.

Auditors

By special permission of the instructor in charge and the Academic Committee, certain persons may be admitted as auditors to courses from

which they can derive benefit without participation and without individual help from the instructor.

Unclassified Students

Those who for acceptable reasons, such as delayed transcripts, have not yet met all requirements for full classification as well as students who are regularly enrolled in another college but who wish to register for specific courses at George Fox College will be listed as unclassified.

Provisional Students

Students whose cumulative GPA falls below the levels listed below will be classified as provisional students:

	GPA
Entering freshmen (high school)	2.00
Freshmen	1.75
Sophomores	1.90
Juniors and seniors	2.00

THE FOLLOWING SPECIAL CONDITIONS APPLY FOR PROVISIONAL STUDENTS:

1. Cocurricular activities may be reduced. Students with provisional standing may be required to reduce their part-time job and/or their other cocurricular activities at the discretion of the Academic Committee.

2. Academic load must be reduced. Provisional students will not be permitted to register for more than twelve term hours, except by permission of the Academic Committee.

3. Special tutoring and/or pre-session are required. Beginning with the 1969-70 year, all freshmen admitted as provisional students are required to attend a pre-session held in August and early September. They must successfully complete this program before they are permitted to enroll in regular classes. All provisional students are required to arrange for special tutoring or counseling (as stipulated by the academic advisor) for which one hour tuition charge shall be paid.

OPERATIONAL PROCEDURES THAT APPLY FOR PROVISIONAL STUDENTS:

1. Provisional status is granted for one term during which the student has opportunity to demonstrate his capability of doing satisfactory work.

2. Satisfactory progress is required for continuation past one term. This means that the student must have raised his cumulative GPA to the minimum requirement or at least have made sufficient progress that his advisor and the Academic Committee can recommend a continuation of provisional status for another term.

3. A study schedule signed by the student and his advisor must be submitted to the Academic Committee by the end of the first week of classes.

4. Use of the tutoring program is required. The tutor may be a student assistant, department major, or a teacher approved by the department. A charge, equivalent to the tuition for one term hour, will be made by the business office, and ninety percent of the fee will be paid to the

tutor at the end of the term. The tutor is expected to meet weekly for one hour or twice weekly for one-half hour with the student. (A tutor must limit himself to a maximum of three students at the same tutoring session.)

5. Withdrawal from college for one term will be required if the provisional student does not make satisfactory progress as outlined above (the summer months, in this instance, *not constituting* a term). Any appeals from dismissal must be submitted in writing to the faculty.

6. After one or more terms have elapsed following dismissal for academic reasons, a student may petition the Academic Committee for readmission. A letter specifying how the student plans to improve his study program must accompany the petition. The student, if readmitted, will reenter on provisional status and must show satisfactory progress as defined above to be allowed to continue longer than one term.

7. Any student academically dismissed from another college or university will not be considered for admission to George Fox College until a period of one term has elapsed since his dismissal (in this case, the summer months *being considered* as one term).

Students Given Academic Warning

Any student whose GPA for a given term falls below the cumulative GPA requirement stipulated will be notified by the Academic Committee that his progress is unsatisfactory. He may be required to arrange for tutoring or make other adjustments required of provisional students. The student's advisor is expected to initiate remedial action and report the same to the Academic Committee by the end of the second week of the new term.

TRANSFER STUDENTS

Students from other educational institutions may be entitled to advanced standing upon the presentation of official transcripts showing in detail the kind and amount of work done. Students transferring from other schools are expected to furnish a certificate of dismissal in good standing both in scholarship and character.

Upon transfer, George Fox College evaluates credits earned at other institutions in light of their application to the student's chosen major. The college undertakes to make a just and careful evaluation of all credits presented for advanced standing.

Students who hold the Associated Arts degree or a certificate of completion from an accredited junior college will be admitted with junior standing and credited with completion of all lower division requirements. (Courses which are prerequisite to upper division courses in the major and courses required in the elementary joint-degree program are exceptions to the above provision.)

A maximum of sixty term hours of Bible and Christian education may be transferred to apply on a Bachelor's degree in a major other than Bible and Christian education.

Approved correspondence work not exceeding thirty term hours may be applied toward a degree program.

A maximum of forty-five term hours will be granted toward a Bachelor's degree to any nurse who has the R.N. degree.

Of the total number of term hours required for graduation at least

forty-five must be taken in residence; a minimum of twenty-three term hours must be upper division courses (the exception is those in the joint-degree program in elementary education).

CLASS ATTENDANCE

The responsibility rests with the student to maintain good standards involving satisfactory scholarship. Regular class attendance is expected of each student in all courses. Work lost because of absence may be made up only in the case of prolonged or confining illness, death of relatives, or similar emergencies. Permission for absences from class for participation in cocurricular college activities must be granted by the dean of faculty.

ACADEMIC LOAD

The student's load will be determined in conference with his advisor. Ordinarily, the first term freshman will register for no more than sixteen term hours. Provisional students will be limited according to the regulations above.

OUTSIDE EMPLOYMENT

The following is suggested as a satisfactory relationship between the student's academic load and his work, on or off campus.

Work	Academic load
Not more than 18 hours	15-17 term hours
Not more than 25 hours	12-14 term hours
Not more than 30 hours	10-12 term hours

CHANGES OF PROGRAM

Course Change

Late admission to classes because of registration changes made after Monday of the second week of classes must be by petition to the registrar, consent of the professor involved, and payment of a \$3 fee.

Withdrawals

1. Withdrawal from class. A student who wishes to withdraw from a course must secure a change-of-course form from the registrar's office, which is to be approved by the advisor, the instructor involved, the registrar, and the bursar. If a course is dropped without permission, the student will receive an "F" grade.

2. Withdrawal from college. A student should realize that discontinuance of attendance does not constitute a withdrawal. He is required to inform the registrar of his intention to withdraw from the college and to fill out the withdrawal forms furnished by the office. Unless this is done, the student may forfeit his right to a clear transcript of credits and honorable dismissal. This refers to withdrawal from college during a term, not at the end of a term.

3. Return after withdrawal. A student who returns to the college after an interruption of less than two years may continue on to graduation

Lower Division Requirements

A general education examination, such as the General Culture Test, is required toward the close of the sophomore year. Specific requirements are as follows:

1. GS 100 Introduction to College, 1 term hour; must be taken during the freshman year.

2. GS 107, 108 Survey of Music, 2 term hours; is not required of music majors or joint-degree students. GS 117, 118 Survey of Art, 2 term hours may be elected instead of GS 107, 108, 109 Survey of Music.

3. Eng 111, 112, 113 English Composition. Students judged low in English must enroll in Eng 117, 118, 119, meeting 5 times per week for 3 hours of credit.

4. PE 105 (men) or 115 (women) Physical Education, 6 term hours. Other hours may be taken as electives.

5. GS 101, 102, 103 Literature of the Bible, 9 term hours.

6. Sp 210 Fundamentals of Speech, 4 term hours (recommended for students with no previous training in speech). May be satisfied by Sp 110 Voice and Diction, 2 term hours, plus Sp 220 Essentials of Discussion, 2 term hours; or either Sp 110 Voice and Diction or Sp 220 Essentials of Discussion plus a minimum of 2 term hours of Drama to be elected from Dr 120 Fundamentals of Acting, Dr 125/325 Theater Laboratory, or Dr 331, 332, 333 Play Production. Note: Sp 230 Oral Interpretation (4 term hours) may be substituted for either Sp 110 Voice and Diction or Sp 220 Essentials of Discussion.

7. Group Requirements: One sequence is required from each of the three groups representing comprehensive fields of knowledge in language arts, social science, and science. Courses which satisfy these requirements are:

GROUP A—LANGUAGE ARTS GROUP

Eng 201, 202, 203 English Literature

Eng 251, 252, 253 Masterpieces of World Literature

GROUP B—SOCIAL SCIENCE GROUP

Hst 101, 102, 103 Civilizations

Hst 201, 202, 203 United States History

Eco 201, 202, 203 Principles of Economics

Soc 201, 202 Principles of Sociology and Soc 203 Social Problems

Psy 201 General Psychology and Psy 202 Personality

Phl 210 Introduction to Philosophy, Phl 220 Logic, and Phl 230 Ethics

GROUP C—SCIENCE GROUP

Bi 101, 102, 103 General Biology

Ch 111, 112, 113 General Chemistry

GSc 101, 102, 103 Foundations of Science Sequence

Ph 201, 202, 203 General Physics

8. Foreign Language Requirement: A minimum of two years of college work in a single language or its equivalent is required of all students earning the Bachelor of Arts degree. This does not apply to those earning the Bachelor of Science degree. A student entering with high school credit in a foreign language may take a placement test to determine if he is capable of entering an advanced course in the language. Any student able to enter

a course other than the beginning one must not postpone continuing the language, but register for it at once. If postponed, he must take the test again immediately before registering for the advanced language course, and, if necessary, retake the beginning course.

9. International students whose first language is other than English may satisfy the foreign language requirement by taking twenty-four hours of additional work in English as directed by the English department.

Upper Division Requirements

1. The completion of at least sixty-three upper division hours (courses numbered 300 and above).

2. The earning of at least forty-five term hours in residence.

3. Religion: Six to nine hours selected from courses prefixed "R" and marked with asterisks, including for Friends students, R 381 History of Friends, or R 382 Doctrine of Friends. Selection is determined as follows: six hours is required for all students who have taken GS 101, 102, 103 Literature of the Bible or an equivalent survey course; nine hours is required for all students transferring to George Fox College with junior standing who have not taken such a survey course (five to six of the nine hours must be selected from the Bible courses offered).

4. Comprehensive examination may be required during the senior year.

5. Major subject: Not later than the beginning of the junior year the student should choose a major field. The major consists of from thirty-nine to sixty-three term hours, which must be passed with a grade-point average of 2.00 or higher. No "D" grade in upper division courses will be accepted for upper division major requirements. The student should seek the advice of his major professor in selecting the optional subjects applicable to the major.

MAJOR SUBJECTS

A major may be selected from the fields listed below; specific requirements for each major are given on the pages indicated.

Education

Elementary Teaching Major, joint-degree, page 33; Health and Physical Education, page 43; Secondary Teaching Majors, page 36.

Fine and Applied Arts

Home Economics, page 48; Music, page 50.

Language Arts

Drama, page 55; Literature, page 59; Spanish, page 61; Speech Arts, page 62.

Natural Sciences

Biology, page 65; Chemistry, page 68; Mathematics, page 70.

COURSE NUMBERING SYSTEM

Course numbers ending in zero (e.g. Ed 300) designate courses which are complete in one term; they may be scheduled for any term during the college year.

Course numbers ending in five (e.g. PE 105) designate courses which may be pursued for several terms under the same number, with all credits applicable, within stipulated limits.

Course numbers ending in one, two, and three, or seven, eight, and nine (e.g. Eng 111, 112, 113 or Eng 117, 118, 119) designate courses offered throughout the year. A continuing course may not be entered in the second or third terms without completing the previous term(s) or obtaining the permission of the instructor.

Course number 490 designates a Senior Seminar that is completed in one term; numbers 491, 492, 493 designate a Senior Seminar given each term.

Division I Education

Chairman: David V. Myton

Harold Ankeny, David Berg, Paul Cammack, Robert Gilmore, Myrtle Hamilton, Fran Howard, Jerry Louthan, Sheldon Louthan, George Moore, James Stanley, Marjorie Weesner

Basic Objectives

1. To coordinate the resources of the college in providing a broad general education with academic specialization for the prospective teacher.
2. To provide professional preparation that develops in students the understandings, skills, and attitudes needed for a career in teaching at the elementary and secondary levels.
3. To provide instruction which fosters physical development of students and enhances the use of leisure time.

TEACHER EDUCATION

George Fox College is approved by the Oregon State System of Higher Education for the training of elementary teachers in conjunction with the Oregon College of Education. It is also accredited by the Oregon State Board of Education for the training of secondary teachers in specific fields. These programs lead to Oregon Basic Teaching Certificates, which are issued by the State Superintendent of Public Instruction upon recommendation of the teacher education institution.

Admission to Teacher Education

Admission to George Fox College does not guarantee admission to the teacher education program. A student applies for admission to teacher education during, or prior to, the third term of the sophomore year. Admission to the program is based upon ability to meet the following criteria:

1. Completion of the lower division general education requirements or the presentation of an acceptable plan for their completion.
2. Satisfactory completion of proficiency tests in writing and speech. Opportunity to take these tests is given each term.
3. Attainment of satisfactory scholastic level as indicated by a minimum cumulative GPA of 2.20 for the secondary teaching fields or 2.00 for the elementary joint-degree program.
4. Recommendations of three college faculty members acquainted with the candidate and his potential capabilities for teaching.
5. Satisfactory physical health.
6. Satisfactory mental health.
7. Exemplary social and moral behavior.
8. Satisfactory interview with the director of teacher education.

Students may not register for professional education courses until they have been admitted to the program or secured permission from the education department.

Conditional Admission to Teacher Education

Conditional admission may be granted to a student who fails one of the screening tests, but who otherwise on the basis of general scholastic achievement, personal traits, health, and overall potentialities for teaching would qualify for admission. He may be permitted to enroll in professional education courses, but he must retake the test he failed at the earliest opportunity. A maximum of three attempts to pass a given test will be allowed; however, failure to pass on the third attempt will result in loss of conditional status and elimination from the teacher education program.

Conditional admission may be granted also to transfer students (See statement below).

Transfer Students in Education

Any student transferring to the teacher education program must meet the same requirements for admission as those who have entered at the usual point. For secondary teaching fields, work at George Fox College must include Ed 440 Teaching of . . . (Special Methods) and Ed 450 Supervised Teaching. A minimum of forty-five term hours must be taken in residence at George Fox College for either the elementary or secondary programs.

A student transferring from a nonaccredited college to the secondary program of teacher education will be granted only conditional admission to the program until he demonstrates his ability by completing twelve term hours in his first teaching field and/or professional education with an average GPA of 2.50. Courses taken at nonaccredited colleges cannot be applied toward the elementary joint-degree program.

Admission to Supervised Teaching

Acceptance into the teacher education program does not guarantee assignment for supervised teaching. Application must be made for admission to supervised teaching by filing forms obtained from the education office not later than the first week of the term preceding the quarter for which the assignment is requested. Admission to supervised teaching is based upon ability to meet the following criteria:

1. Full admission to teacher education.
2. Attainment of a minimum cumulative GPA of 2.30 and an average GPA of 2.50 in the teaching major. (Courses in which "D" grades were earned may not be counted toward completion of the teaching major.)
3. Completion of the required professional education courses with no grade less than "C."
4. A minimum of thirty term hours completed in residence. Any transfer student with previous work in education who desires to be admitted for supervised teaching may be required to furnish a statement of eligibility from the department of education in the institution from which he transferred.

Application for Teaching Certificate

All Oregon teaching certificates are issued by the Superintendent of Public Instruction in the State Department of Education, Salem, Oregon. To be eligible, an applicant (1) shall have attained the age of eighteen years; (2) shall furnish satisfactory evidence of proper educational preparation; (3) shall furnish satisfactory evidence of United States citizenship; and (4) shall, if the Superintendent of Public Instruction requires such, furnish satisfactory evidence of good moral character, mental and physical health, and such other evidence as may be deemed necessary to establish the fitness of such applicant to serve as a teacher.

Application is made by submitting to the State Department of Education, Salem, Oregon, the required form, which is available in the college education office; an official transcript of college credits, which is obtained from the registrar's office; and the required \$8 fee for the certificate.

ELEMENTARY TEACHING MAJOR (JOINT-DEGREE PROGRAM)

Students who are admitted to teacher education and have completed satisfactorily the following course of study at George Fox College may transfer to Oregon College of Education at Monmouth, Oregon, for their senior year of professional training in elementary education. They receive the Bachelor of Science degree (or Bachelor of Arts degree with two years of foreign language) from George Fox College upon the successful completion of the four-year program and are recommended to the Oregon State Board of Education for the Basic Teaching Certificate by Oregon College of Education. Courses listed below that are indicated by one asterisk (*) are taken at Oregon College of Education during the senior year. Courses that are indicated by two asterisks (**) must be taken at Oregon College of Education or another accredited college in addition to the senior year.

SECONDARY TEACHER EDUCATION

Under Oregon school law, five years of collegiate preparation including specified work in education and in subject fields is required for a standard teaching certificate. However, graduates of accredited colleges and universities who have completed an approved four-year teacher education program may, upon graduation, be granted a basic certificate, which is valid for three years. For renewal of the basic certificate after three years, twenty-four term hours of work toward the completion of the fifth-year program are required.

Requirements for the four-year teacher education program follow:

EDUCATION

Lower Division

GS 100 INTRODUCTION TO COLLEGE

1 hour. Required of all freshmen. This course deals with budget of time, use of library, methods of study, improvement of reading, consideration of careers, and other matters of importance to a beginning college student.

Upper Division

Ed 310 HISTORICAL FOUNDATIONS OF EDUCATION

4 hours, fall term. Intended to introduce the heritage of American educational concepts, practices, and organization in order to develop understanding of the purpose and function of the school in the democratic society.

Ed 320 PSYCHOLOGICAL FOUNDATIONS OF EDUCATION

4 hours, winter term. A study of psychological basis of learning processes including individual and group differences. Intended to relate the student's understanding of factors affecting learning, thinking, memory, transfer of training, use of learning experiences, learning climate, and other pertinent factors to modern classroom practices. Identical with Psy 320. Prerequisite: Psy 201 General Psychology; Psy 330 Developmental Psychology; or permission of the instructor.

Ed 330 PRINCIPLES OF SECONDARY EDUCATION

2 hours, spring term. A study of general principles of education methodology. Designed to develop competency in setting learning goals, planning teaching units, managing classroom activities, reporting pupil progress, and other related tasks. Prerequisite: Admission to the teacher education program, Ed 310 Historical Foundations of Education, or permission of the instructor.

Ed 350 INSTRUCTIONAL MEDIA

2 hours, spring term. Designed to prepare the prospective teacher as well as the professional in many other fields to select, produce, and use instructional media such as pictures, posters, bulletin boards, transparencies, slides, recordings, films, television, and programmed instruction to implement learning. Two lectures and one laboratory period per week. Identical with CED 350.

Ed 410 GUIDANCE AND COUNSELING

5 hours. Identical with Psy 410. See Division VI for description of course and prerequisite.

Ed 420 SEPTEMBER PARTICIPATION

0 hours. A two-week period of observation in the home high school of the teacher education candidate at the opening of the senior year. Intended to provide a laboratory experience immediately prior to the senior sequence of professional education courses. Admission by application only.

Ed 440 TEACHING OF . . . (SPECIAL METHODS)

3 hours, winter term. A course in the special methods of instruction appropriate to the particular teaching major or minor emphasizing proce-

dures, teaching techniques, and materials. Identical with Eng 440, Bi 440, Mth 440. Prerequisite: Ed 330 Principles of Secondary Education.

Ed 450 SUPERVISED TEACHING

15 hours, spring term. A laboratory experience in which principles and methods of teaching may be employed under supervision. A full day, full term assignment; the only campus responsibility is a weekly seminar session conducted by the college supervisor. Admission by application only.

Ed 460 TEACHING OF DEVELOPMENTAL READING

3 hours, winter term. A course designed to develop understanding of, and competencies in, a program of pupil progress and growth in reading from kindergarten through grade twelve. Deals with such basic aspects as readiness, skills in diagnosing pupils' needs, the interrelatedness of reading with other language understandings, study skills, reading rate, and comprehension. Identical with Eng 460.

Ed 470 THE JUNIOR HIGH SCHOOL

3 hours, spring term. Offered 1969-70 and alternate years. The history, philosophy, curriculum, and rationale for the Junior High School in the American educational scheme. Also takes a look at the adolescent and his needs—suggests some ways of meeting these needs. Required for the Junior High School Certificate.

HEALTH EDUCATION

Lower Division

HE 100 HEALTH EDUCATION

2 hours. The basic scientific principles of healthful living applied to problems confronting the college student. Emphasis on mental health, family life, degenerative diseases, nutrition, and hygienic care of the body.

HE 200 PERSONAL HEALTH PROBLEMS

2 hours. Designed for teachers in the public schools. A study of health problems with emphasis on observation and recognition of deviations in student health. Includes a discussion of prevention and control of communicable diseases.

HE 210 COMMUNITY HEALTH PROBLEMS

2 hours. Designed primarily for health teachers in public schools. A study of basic community health problems important in public school health instruction.

Upper Division

HE 300 NUTRITION

4 hours. Identical with HEc 200/300. See Division II for description of course and prerequisites.

HE 310 THE SCHOOL HEALTH PROGRAM

3 hours. Offered 1969-70 and alternate years. Purposes and procedures of health service and instruction in the schools. Special emphasis on construction of health teaching units and selection of methods and materials.

PHYSICAL EDUCATION

General Requirements in Physical Education

Six hours in physical education activity courses are required for graduation. These may be selected from PE 105 (men) or PE 115 (women). PE 125 (men) or PE 135 (women) Adapted Activities are offered to meet the requirement for those who cannot participate in the 105 or 115 sections because of physical limitations.

Major Requirements

A student must complete a minimum of sixty-five term hours in health and physical education, thirty-eight of which must be upper division courses, in addition to the six term hours of general physical education required of all students. Bi 101, 102, 103 General Biology; PE 105/115 Rhythms; and PE 115 Body Mechanics or PE 105 Weight Training are required.

3 hours. Offered 1970-71 and alternate years. A study of the origin and development of the English language, including its grammar and levels of usage in modern English. Includes an introduction to transformational grammar.

FRENCH

Fr 101, 102, 103 FIRST-YEAR FRENCH

4 hours each term. The audio-lingual approach is used, with records and tapes and work in the language laboratory. Students must arrange for two 25-minute study periods per week in the laboratory. One of the five class meetings each week will be in the laboratory. Reading, writing, and grammar are introduced gradually.

Fr 201, 202, 203 SECOND-YEAR FRENCH

4 hours each term. Four regular classes weekly plus one class laboratory period and two 25-minute laboratory study periods to be arranged. Stress on audio-lingual aspects, review and continuation of grammar, reading, introduction to French literature. Prerequisite: Fr 101, 102, 103 First-year French or equivalent shown by passing placement test.

GERMAN

Ger 101, 102, 103 FIRST-YEAR GERMAN

4 hours each term. The audio-lingual approach is used, with records and tapes and work in the language laboratory. Students must arrange for two 25-minute study periods a week in the laboratory. One of the five class meetings each week will be in the laboratory. Reading, writing, and grammar are introduced gradually.

Ger 201, 202, 203 SECOND-YEAR GERMAN

4 hours each term. Four regular classes weekly plus one class laboratory period and two 25-minute laboratory study periods to be arranged. Stress on audio-lingual aspects; review and continuation of grammar; reading of standard intermediate texts. Prerequisite: Ger 101, 102, 103 First-year German or equivalent shown by passing placement test.

GREEK

Gr 101, 102, 103 FIRST-YEAR NEW TESTAMENT GREEK

4 hours each term. Offered 1970-71 and alternate years. A beginner's course in the Greek of the New Testament, including vocabulary, grammar, declensions, conjugations, and special constructions. The First Epistle of John and various other selections from the New Testament are read.

Gr 201, 202, 203 SECOND-YEAR NEW TESTAMENT GREEK

4 hours each term. Offered 1969-70 and alternate years. Review of the Greek grammar and advanced studies. Selections from the Greek New Testament are read, with attention to grammar and exegesis. Identical with R 201, 202, 203. Prerequisite: Gr 101, 102, 103 First-year New Testament Greek.

Gr 301, 302, 303 NEW TESTAMENT GREEK

4 hours each term. Identical with Gr 201, 202, 203, but upper division.

LINGUISTICS

L 300 INTRODUCTION TO LINGUISTICS

3 hours. Offered 1969-70 and alternate years. The nature of language, problems involved in the study of language considered in the light of

modern linguistic studies, phonetic transcription of the sounds of different languages. Includes an introduction to transformational grammar. Recommended as a basic course to students preparing for work abroad and to students planning to take Eng 340 English Language Development.

LITERATURE

Major Requirements

Eng 300 Advanced Composition; Eng 330 Versification; Eng 340 English Language Development; Eng 350 Milton; Eng 370 Chaucer; Eng 381, 382, 383 Shakespeare; Eng 390 Spenser; Eng 491, 492, 493 Senior Thesis; plus 6 more hours in the period courses; and L 300 Linguistics.

Lower Division

Eng 201, 202, 203 ENGLISH LITERATURE

3 hours each term. A survey of English literature with emphasis on the development of ideas as well as on types of literature.

Eng 251, 252, 253 MASTERPIECES OF WORLD LITERATURE

3 hours each term. A course designed to give understanding and appreciation of the best literature, both past and present, of the various countries of the world.

Eng 254 INTRODUCTION TO DRAMA

3 hours. Offered 1970-71 and alternate years. The history and nature of drama with study of different types and periods. Identical with Dr 254.

Upper Division

Eng 301, 302, 303 ENGLISH LITERATURE

3 hours each term. Identical with Eng 201, 202, 203, but upper division. Additional work is required for earning upper division credit.

Eng 310 THE ENGLISH NOVEL

3 hours. Offered 1969-70 and alternate years. An analytical and historical study of the English novel from the eighteenth century.

Eng 311, 312 AMERICAN LITERATURE

3 hours each term. Offered 1970-71 and alternate years. A sequence with Eng 320 Eighteenth Century English Literature. The development of American literature, with special attention to social, political, and religious problems as presented in literature.

Eng 314 EARLY ENGLISH LITERATURE

3 hours, fall term. Offered 1970-71 and alternate years. History and literature of Roman and Anglo-Saxon England and its contribution to the later literature of Britain. Special attention is given to the *Beowulf*, the Cynewulfian poems, early translations from the Bible, literature under Alfred the Great, and the Anglo-Saxon Chronicles.

Eng 320 EIGHTEENTH CENTURY ENGLISH LITERATURE

3 hours, fall term. Offered 1970-71 and alternate years. The Age of Enlightenment, Neoclassicism, the Age of Queen Anne, the Age of Reason: the history, the philosophy, the literature, the effect on the English language of this very significant period. Movements traced will be the

beginnings of modern journalism, the development of the English essay, the first English dictionaries, the beginnings of the English novel, the re-assertion of imagination and Romanticism at the end of the century. Early American literature, which begins in this period of the American Revolution, will be correlated with its English antecedents. First term of sequence is followed by Eng 312, 313 American Literature.

Eng 324 CONTEMPORARY DRAMA

3 hours. Offered 1970-71 and alternate years. Analysis of contemporary drama as exemplified by specific plays. Identical with Dr 324.

Eng 350 MILTON

3 hours, winter term. Offered 1969-70 and alternate years. A study of Milton and his poetry and prose against the background of the seventeenth century.

Eng 360 TENNYSON AND BROWNING

3 hours, spring term. Offered 1970-71 and alternate years. A study of the poetry of Tennyson and Browning with some consideration of their most significant contemporaries and of the Victorian era.

Eng 370 CHAUCER AND HIS AGE

3 hours, winter term. Offered 1970-71 and alternate years. A study of Chaucer as one of the great English poets of the fourteenth century renaissance.

Eng 381, 382, 383 SHAKESPEARE

3 hours each term. Offered 1969-70 and alternate years. A study of the major plays of Shakespeare, the background that produced them, and the contribution they make to current thinking.

Eng 390 SPENSER

3 hours, fall term. Offered 1969-70 and alternate years. A study of the *Faerie Queene* and minor poems of Spenser, their significance in the history of English poetry.

Eng 430 ENGLISH ROMANTIC POETS OF THE EARLY NINETEENTH CENTURY

3 hours, spring term. Offered 1969-70 and alternate years. Particular attention is given to the poetry of Wordsworth and the Lake Poets, Shelley and his circle, Byron and Keats.

Eng 440 TEACHING OF LANGUAGE ARTS

3 hours. Identical with Ed 440. See Division I for description of course and prerequisite.

Eng 460 TEACHING OF DEVELOPMENTAL READING

3 hours, winter term. Identical with Ed 460. See Division I for description of course and prerequisite.

Eng 470 TWENTIETH CENTURY LITERATURE

3 hours, spring term. Offered 1970-71 and alternate years. Thinkers and writers in twentieth century England and America.

Eng 491, 492, 493 SENIOR THESIS

1 hour each term. Required of majors in literature.

SPANISH

Major Requirements

A minimum of thirty-six upper division hours in Spanish including: Spn 301, 302, 303 Spanish Composition and Conversation; Spn 311, 312 Spanish Pronunciation and Phonetics; Spn 321, 322, 323 Spanish Literature; Spn 400 Hispanic Culture and Civilization; and Spn 491, 492 Senior Seminar. In addition Eng 251, 252, 253 Masterpieces of World Literature, Hst 350 History of Latin America, and L 300 Introduction to Linguistics are required.

Lower Division

Spn 101, 102, 103 FIRST-YEAR SPANISH

4 hours each term. Elementary practice in listening, speaking, reading, and writing Spanish. A study of the elements of grammar. Five classes, one of which is a class laboratory period, and two other individual laboratory periods are required weekly.

Spn 201, 202, 203 SECOND-YEAR SPANISH

4 hours each term. An extension of listening, speaking, and writing with review of grammar. Reading of short stories and novels with reports and individual projects. Five classes and two individual laboratory periods are required weekly.

Upper Division

Spn 301, 302, 303 SPANISH COMPOSITION AND CONVERSATION

3 hours each term. Fundamentals of pronunciation and grammar applied in extensive oral and written practice. Conducted in Spanish. Prerequisite: Two years of college Spanish or its equivalent.

Spn 305 DIRECTED READING IN SPANISH

1 or 3 hours, with a total limit of 3 hours. Reading to further develop proficiency and appreciation of Spanish and to increase acquaintance with Spanish and Spanish-American life. Prerequisite: Two years of college Spanish or its equivalent.

Spn 311, 312 SPANISH PRONUNCIATION AND PHONETICS

3 hours each term. Scientific study of Spanish phonetics and phonemics, with emphasis on correct formation and production of sounds, combinations of sounds, and intonation. Extensive listening and speaking practice in language laboratory. Prerequisite: Spn 201, 202, 203 Second-year Spanish or its equivalent.

Spn 321, 322, 323 SPANISH LITERATURE

3 hours each term. Offered 1969-70 and alternate years. A study of the important writers, works and literary movements of Spanish literature including the Middle Ages, eighteenth, nineteenth, and twentieth centuries. Lectures, class discussion, outside readings, and reports. Conducted in Spanish. Prerequisite: Ability to understand spoken and written Spanish.

Spn 400 HISPANIC CULTURE AND CIVILIZATION

3 hours. An analysis of Spanish culture with emphasis on the historical and political background, philosophy, social institutions, art, and achieve-

ment of the Iberian Peninsula and Hispanic America. Conducted in Spanish. Prerequisite: Ability to understand spoken and written Spanish.

Spn 410 ADVANCED SPANISH COMPOSITION AND CONVERSATION

3 hours. Advanced and specialized study in written and spoken Spanish. Conducted in Spanish. Prerequisite: Spn 301, 302, 303 Spanish Composition and Conversation or its equivalent.

Spn 420 MODERN SPANISH LITERATURE

3 hours. Spanish literature since 1898. Principal types and authors. Extensive reading of texts. Conducted in Spanish. Prerequisite: Ability to understand spoken and written Spanish.

Spn 421, 422 SPANISH AMERICAN LITERATURE

3 hours. Offered 1970-71 and alternate years. The social, political, and literary currents of the Central and South American countries, treating the colonial and revolutionary periods, romanticism, and modern movements. Conducted in Spanish. Prerequisite: Two years of college Spanish or its equivalent.

Spn 430 LITERATURE OF THE SPANISH GOLDEN AGE

3 hours. An intensive study of the authors of the Golden Age (1500-1680), including Calderon, Cervantes, Garcilaso, Gongora, Lope de Vega, and others. Conducted in Spanish. Prerequisite: Ability to understand spoken and written Spanish.

Spn 491, 492 SENIOR SEMINAR

2 hours, fall term; 1 hour, winter term. Study of selected topics in Spanish.

SPEECH ARTS

Major Requirements

Sp 110 Voice and Diction; Dr 120 Fundamentals of Acting; Sp 210 Fundamentals of Speech; Sp 220 Essentials of Discussion; Sp 230 Oral Interpretation of Literature; Sp 300 Persuasive Address and Argumentation; Dr 320 Advanced Acting; Dr 331, 332, 333 Play Production; Sp 410 History and Criticism of Public Address or Dr 420 History of Dramatic Thought; and Sp 490 Senior Seminar. In addition, Dr 254 Introduction to Drama, Dr 324 Contemporary Drama, and fifteen upper division hours selected from Speech, Drama, English, or Linguistics are required.

SPEECH

Lower Division

Sp 105/305 INDIVIDUAL INSTRUCTION IN SPEECH

1 hour. Private guidance in correcting speech problems or in developing speech skills. Prerequisite: Permission of instructor.

Sp 110 VOICE AND DICTION

2 hours. Training to improve articulation, voice quality, and the use of pitch, volume, and rate. Instruction in the theory of sound production and phonetics.

Sp 135/335 APPLIED FORENSICS

$\frac{1}{2}$ hour (maximum 4 hours). Training in debate, oratory, oral interpretation, impromptu speaking, and extemporaneous address in preparation for contest forensics.

Sp 210 FUNDAMENTALS OF SPEECH

4 hours. A basic course involving essential training in the preparation, delivery, and evaluation of short speeches of various types.

Sp 220 ESSENTIALS OF DISCUSSION

2 hours. A study of discussion principles and the basic approaches to group discussion.

Sp 230 ORAL INTERPRETATION OF LITERATURE

4 hours, fall term. Study of the oral presentation of different types of literature to include poetry, prose, and essays. Study and practice to develop skill in projection of thought and emotion by reading aloud. Recommended for future English teachers and ministers.

Sp 290 BUSINESS AND PROFESSIONAL SPEAKING

2 hours. Offered on sufficient demand. Instruction in basic speaking skills as they might be applied in business and professional speaking situations.

Upper Division

Sp 300 PERSUASIVE ADDRESS AND ARGUMENTATION

4 hours, winter term. Principles, methods, and standards of public speaking; the preparation and delivery of an effective speech for a purpose and an occasion. Prerequisite: Sp 210 Fundamentals of Speech. Identical with R 300.

Sp 410 HISTORY AND CRITICISM OF PUBLIC ADDRESS

4 hours, spring term. A study of representative American speeches from the colonial period to the present; emphasis upon critical analysis and research.

Sp 490 SENIOR SEMINAR

4 hours. Research projects in communication and rhetoric leading to written and oral examinations covering areas investigated. Prerequisite: Permission of instructor.

Division IV

Natural Science

Chairman: Hector Munn

John Brewster, Ludlow Corbin, Dorothy Oppenlander, Dale Orkney, Evan Rempel, James Stanley, Elver Voth

Basic Objectives

1. To help the student develop an awareness and understanding of his environment.
2. To prepare the student for advanced study in these and related fields.
3. To provide the necessary discipline for increased competence in intellectual pursuits.
4. To provide a background for studies in psychology, sociology, education, and related subjects.

BIOLOGY

Major Requirements

Fifty-one term hours in biology are required including: Bi 101, 102, 103 General Biology and at least thirty-nine hours of upper division courses including Bi 311, 312 Plant Morphology and Bi 491, 492, 493 Senior Seminar. In addition, twenty-eight hours in related subjects are required including: Ch 111, 112, 113 General Chemistry; Mth 121 College Algebra or the equivalent; Ch 210 Quantitative Analysis; and Ch 331, 332 Organic Chemistry. Each biology major is required to prepare a research paper during his senior year, which must report independent research. In addition, sixteen hours in related subjects are required, including Ch 107, 108, 109 General Chemistry, and Mth 121 College Algebra or the equivalent. Biology majors should also expect to include Ch 211, 212 Quantitative Analysis, and Ch 301, 302, 303 Organic Chemistry in their program.

CHEMISTRY

Major Requirements

Fifty-one hours in chemistry including: Ch 111, 112, 113 General Chemistry and at least thirty-nine hours in upper division chemistry to include Ch 490 Selected Topics in the senior year. Mathematics through Mth 202 Multivariable Calculus and Ph 201, 202, 203 General Physics are required as supporting courses. Preparation for graduate work in chemistry should include preparation in German or French.

Lower Division

Ch 111, 112, 113 GENERAL CHEMISTRY

4 hours each term. A study of fundamental chemical phenomena and principles including theories for their interpretation. Laboratory instruction emphasizes quantitative aspects of chemistry. Spring term includes inorganic qualitative analysis. Programmed machines are used to individualize instruction. Two lectures and two laboratory periods per week.

Ch 210 QUANTITATIVE ANALYSIS

4 hours, spring term. Emphasizes the skills and techniques of chemical measurements. Includes classical gravimetric and volumetric procedures and an introduction to spectrophotometric and chromatographic procedures. Theoretical basis of each procedure is considered. A service course for premedical, pre dental, and medical technology students. Two lectures and two three-hour laboratory periods per week. Prerequisite: Ch 113 General Chemistry.

Upper Division

Ch 331, 332, 333 ORGANIC CHEMISTRY

4 hours each term. An approach stressing structural, bonding, and energy factors of organic compounds and the mechanism of their reactions. Classical aliphatic and aromatic chemistry are integrated. Laboratory stresses techniques, skills and purposes involved in synthesis, purification, and identification of organic compounds. Two lectures and two three-hour laboratory periods per week. Prerequisite: Ch 113 General Chemistry.

Ch 340 BIOCHEMISTRY

4 hours, fall term. Offered 1969-70 and alternate years. An introduction to the chemistry of substances involved in life processes. The structures, reactions, and energy transformations of these compounds are considered. Laboratory involves a study of properties, purification, and identification of bio-organic compounds. Three lectures and one three-hour laboratory period per week. Prerequisite: Ch 332 Organic Chemistry.

Ch 401, 402, 403 PHYSICAL CHEMISTRY

3 hours each term. Offered 1970-71 and alternate years. An introduction to modern theoretical chemistry emphasizing thermodynamics, kinetics, and molecular structure. Two lectures and one recitation period per week. Prerequisite: Mth 202 Multivariable Calculus and Ph 203 General Physics.

Ch 405, 406, 407 PHYSICAL CHEMISTRY LABORATORY

1 hour each term. Optional in combination with Ch 401, 402, 403 Physical Chemistry.

Ch 410 INORGANIC CHEMISTRY

4 hours, fall term. Offered 1970-71 and alternate years. Includes descriptive inorganic chemistry, reaction mechanism, and modern theoretical advances. Three lectures and one three-hour laboratory period per week.

Ch 420 ADVANCED ANALYTICAL CHEMISTRY

4 hours, winter term. Offered 1969-70 and alternate years. Modern analytical methods and theory with emphasis on current applications including specialized instrumental techniques. Two lectures and two three-hour laboratory periods per week.

Ch 430 ADVANCED ORGANIC CHEMISTRY

4 hours, winter term. Offered 1969-70 and alternate years. Current theories of structure mechanism and acid-base properties of organic compounds. Prerequisite: Ch 333 Organic Chemistry.

Ch 440 ORGANIC ANALYSIS

3 hours, winter term. Offered 1970-71 and alternate years. Systematic procedures of separation and identification of organic compounds. One hour lecture and two three-hour laboratory periods per week. Prerequisite: Ch 333 Organic Chemistry.

Ch 490 SELECTED TOPICS

3 hours, spring term. One of the following topics may be selected: environmental science, solid state, quantum mechanics, introduction to research, or electronic apparatus. Prerequisite: Senior standing in chemistry.

GENERAL SCIENCE

Lower Division

GSc 101 FOUNDATIONS OF EARTH SCIENCE

4 hours, fall term. The basic concepts, language, and methodology of geology, meteorology, astronomy, and oceanography are considered with laboratory experience drawn from local phenomena. Three lectures and one laboratory period per week.

GSc 102 FOUNDATIONS OF PHYSICS

4 hours, winter term. A survey of some basic topics related to the field of physics such as motion, energy, sound, electricity, relativity. Emphasis on vocabulary and broad principles. Extensive mathematics background not required. Three lectures and one laboratory period per week.

GSc 103 FOUNDATIONS OF CHEMISTRY

4 hours, spring term. Emphasis on topics related to the field of chemistry. Survey of modern theory and applications. Recommended background for elementary teachers and those wanting some introduction to chemistry who are not planning to take advanced chemistry courses.

Upper Division

GSc 310 ESSENTIALS OF GEOLOGY

3 hours, fall term. Offered 1970-71 and alternate years. An introductory study of physical geology, rocks, minerals, and theories of developmental geology. Two lectures and one laboratory period per week.

GSc 320 ESSENTIALS OF METEOROLOGY

3 hours, winter term. Offered 1970-71 and alternate years. A study of the atmosphere, the factors that produce weather, and how these factors are measured and used to predict weather. Laboratory involves a study of local weather and the use of synoptic weather data. Two lectures and one laboratory period per week.

GSc 330 ESSENTIALS OF ASTRONOMY

3 hours, spring term. Offered 1970-71 and alternate years. A study of the solar system, constellations, stars, stellar systems, and current theories of cosmology. Three lectures with periodic laboratory periods at night.

MATHEMATICS

Major Requirements

A minimum of thirty-two approved term hours in mathematics beyond Mth 202 Multivariable Calculus, twenty-four of which must be upper division, is required. In addition, the student must complete Ph 101, 102, 103 General Physics.

Lower Division

Mth 111, 112, 113 ESSENTIALS OF MATHEMATICS

3 hours each term. A study of the structures of arithmetic. Includes number bases, group and set theory, module systems, mathematical proof, and functions. Does not apply toward a mathematics major.

Mth 120 INTERMEDIATE ALGEBRA

4 hours. Offered on demand. A short review of high school algebra followed by the study of the binomial theorem, progressions, permutations and combinations, determinants, and logarithms. Does not apply toward a mathematics major.

Mth 121 COLLEGE ALGEBRA

4 hours, fall term. A study of sets, number fields, relations, functions, graphs, equations of lines and conics, trigonometric functions and their interrelationships, and elements of linear algebra.

Mth 122, 123 CALCULUS WITH ANALYTIC GEOMETRY

4 hours, winter and spring terms. A study of limits, continuity, differentiation with applications, Riemann integral, conics, exponential functions, analytic geometry, vectors, and methods of integration. Prerequisite: Mth 121 College Algebra or equivalent.

Mth 201, 202 MULTIVARIABLE CALCULUS

4 hours, fall and winter terms. A study of multiple integration, partial differentiation, multidimensional vectors, infinite series, and elements of linear algebra. Prerequisite: Mth 123 Calculus with Analytic Geometry or equivalent.

Mth 210 COMPUTER CODING

3 hours, fall term. Instruction and practice in computer coding with individual opportunity for development of proficiency in basic skills in computer use and application.

Upper Division

Mth 300 COMPUTER PROGRAMMING

3 hours, spring term. Offered 1969-70 and alternate years. A course emphasizing symbolic language and the formation of computer programs for business and industry. Prerequisite: Mth 210 Computer Coding.

Mth 310 DIFFERENTIAL EQUATIONS

5 hours, spring term. A study of the theory, methods of solution, and applications of ordinary differential equations. This includes series solution and Laplace transforms. Prerequisite: Mth 201, 202 Multivariable Calculus.

Mth 321, 322, 323 HIGHER ALGEBRA

3 hours each term. Offered 1969-70 and alternate years. A study of groups, fields, rings, integral domains, vector spaces, matrices, polynomials, determinants, and algebraic number systems. Prerequisite: Mth 201, 202 Multivariable Calculus.

Mth 331, 332 PROBABILITY AND STATISTICS

3 hours, fall and winter terms. Offered 1970-71 and alternate years. A study of sample spaces, combinatorial methods, discrete and continuous distributions, sampling, estimating parameters, and testing hypotheses. Prerequisite: Mth 201, 202 Multivariable Calculus.

Mth 400 NUMERICAL ANALYSIS

3 hours, spring term. Offered 1970-71 and alternate years. A study of solution of equations, polynomial approximations, and differential equations.

Mth 411, 412 MODERN GEOMETRY

3 hours, fall and winter terms. Offered 1969-70 and alternate years. A study of advanced Euclidian, projective, and non-Euclidian geometry. Elements of topology. Prerequisite: Mth 201, 202 Multivariable Calculus.

Mth 421, 422 ADVANCED CALCULUS

5 hours, fall and winter terms. Offered 1970-71 and alternate years. A rigorous treatment of topics introduced in lower division calculus with a study of more advanced topics basic to the study of real and complex variables. Prerequisite: Mth 201, 202 Multivariable Calculus.

Mth 423 COMPLEX VARIABLES

3 hours, spring term. Offered 1970-71 and alternate years. A study of the calculus of complex variables to include: Cauchy's Theorem, residues, and contour integration. Prerequisite: Mth 421, 422 Advanced Calculus.

Mth 440 TEACHING OF MATHEMATICS

3 hours, winter term. Identical with Ed 440. See Division I for description of course and prerequisite.

Mth 490 SELECTED TOPICS

1 to 3 hours, spring term. Individual study of selected topics. Prerequisite: Mth 201, 202 Multivariable Calculus.

PHYSICS

Lower Division

Ph 201, 202, 203 GENERAL PHYSICS

4 hours each term. An introductory course. Mechanics, heat, sound, electricity, magnetism, and light are studied.

Upper Division

Ph 301, 302, 303 MODERN PHYSICS

3 hours each term. Offered 1970-71 and alternate years. A course covering some of the developments in physics since 1895. Included are the discovery of the electron, radioactivity, atomic structure, X rays, and elementary nuclear physics. Prerequisite: Mth 121 College Algebra; Mth 122, 123 Calculus with Analytic Geometry; and Ph 201, 202, 203 General Physics.

Ph 301L, 302L, 303L MODERN PHYSICS LABORATORY

1 hour each term. Offered 1970-71 and alternate years. Required laboratory work to complement Ph 301, 302, 303 Modern Physics.

Ph 351, 352, 353 ELECTRICITY AND MAGNETISM

3 hours each term. Offered 1969-70 and alternate years. A study of electrostatics, direct currents, transients, alternating currents, and Maxwell's equations. Prerequisite: Mth 201, 202 Multivariable Calculus and Ph 201, 202, 203 General Physics.

Ph 351L, 352L, 353L ELECTRICITY AND MAGNETISM LABORATORY

1 hour each term. Offered 1969-70 and alternate years. Required laboratory work to complement Ph 351, 352, 353 Electricity and Magnetism.

Division V

Religion

Chairman: Myron D. Goldsmith

Harold Ankeny, Everett Craven, Paul Mills, David Myton, Arthur O. Roberts

Basic Objectives

1. To give every student opportunity for systematic Bible study and Christian interpretation through required and elective courses.
2. To provide preprofessional studies basic to pastoral, evangelistic, educational, and missionary ministry of the Christian faith.
3. To provide a fund of biblical knowledge and consistent teaching methodology for those who plan to serve as Christian education directors, Sunday school teachers, youth or adult leaders, and social workers.
4. To enable students through a study of philosophy to participate in formal thinking about problems of nature, knowledge, and value with the aim of increasing awareness of the force of ideas in the world.

Religion Requirements for All Students

Lower Division

GS 101, 102, 103 Literature of the Bible, nine term hours or an equivalent survey course. Students scoring high on the freshman Bible Knowledge Inventory may elect a sophomore sequence to fulfill this requirement.

Upper Division

Required for graduation are six to nine hours selected from courses prefixed "R" and marked with asterisks, including for Friends students R 381 History of Friends or R 382 Doctrine of Friends. Selection is

determined as follows: six hours is required for all students who have taken Literature of the Bible or an equivalent survey course; nine hours is required for all students transferring to George Fox College with junior standing who have not taken such a survey course (five to six of the nine hours must be selected from the Bible courses offered).

Students in joint-degree programs of elementary education are not required to fulfill the six hours in upper division religion if they have fulfilled the lower division Bible requirement.

Major Requirements

A student majoring in religion may elect one of two fields of concentration: Bible and Christian education or religion and philosophy. A minimum of fifty-four term hours is required for the major and must be distributed as follows: a minimum of thirty-six term hours shall be taken in one concentration and must include at least eighteen upper division term hours; an additional eighteen term hours, nine of which are upper division, must be chosen from the other field of concentration. All religion majors are required to take R 490 Contemporary Religious Thought. A comprehensive examination will be given to religion majors early in the winter term of their senior year. Failure to achieve satisfactorily on any portion of the examination necessitates additional reading under faculty direction and retesting until competency is shown.

BIBLE

Lower Division

GS 101, 102, 103 LITERATURE OF THE BIBLE

3 hours each term. A survey of the Bible using selected books and portions. The major religious themes and their literary forms will be studied in historic context with attention given to the tools for biblical study useful in handling the problems of authorship, text, and interpretation.

R 201, 202, 203 SECOND-YEAR NEW TESTAMENT GREEK

4 hours each term. Offered 1969-70 and alternate years. Identical with Gr 201, 202, 203. See Division III for description of the course and prerequisite. Students seeking to satisfy the lower division foreign language requirement must register for Gr 201, 202, 203.

R 240 OLD TESTAMENT POETRY

3 hours. A study of the poetical books: Job, Psalms, Proverbs, Ecclesiastes, and the Song of Solomon. Emphasis will be placed on the great themes of these books as well as upon the forms of poetry, drama, and wisdom literature. Reference will be made to the Apocrypha.

R 260 THE SYNOPTIC GOSPELS

3 hours. A study of the life and teaching of Jesus Christ as given in the accounts of Matthew, Mark, and Luke.

R 270 THE WRITINGS OF JOHN

3 hours. A study of the meaning of belief in Jesus Christ, the Son of God, as depicted in Johannine literature: the Gospel, letters, and Apocalypse.

Upper Division

Courses marked with asterisks will satisfy upper division religion requirements.

R 301, 302, 303 NEW TESTAMENT GREEK

4 hours each term. Identical with R 201, 202, 203, but upper division.

R 310 OLD TESTAMENT HISTORY*

4 hours. Offered 1969-70 and alternate years. A study of the text of the historical books, Genesis to Esther, along with the history of related nations.

R 320/420 BIBLE ARCHEOLOGY*

4 hours. Offered 1969-70 and alternate years. (R 420 offered in Israel summer term.) A study of places and the scenes of biblical history with a special emphasis upon archeological findings as they relate to the events of the Old Testament.

R 330 OLD TESTAMENT PROPHETS*

4 hours. Offered 1969-70 and alternate years. A study of historical backgrounds, literature, and spiritual themes of the books of the Hebrew prophets, Isaiah to Malachi.

R 340 OLD TESTAMENT POETRY*

2 hours. Identical, except in amount of credit awarded, with R 240 for upper division students.

R 360 THE SYNOPTIC GOSPELS*

2 hours. Identical, except in amount of credit awarded, with R 260 for upper division students.

R 370 THE WRITINGS OF JOHN*
